Address: 17 Soi Udomsuk 37, Phra Khanong, Bang Chak, Bangkok 10260

CAREER OBJECTIVE

I aim to leverage my extensive experience in front-end technologies and my growing expertise in backend development to excel as a full-stack developer. I am focused on building scalable and efficient solutions that enhance user experience and streamline business operations.

Programming Languages & Frameworks:

- **Frontend:**
HTML, CSS, JavaScript, TypeScript, Vue.js, Next.js, React, TailwindCSS, Bootstrap
- **Backend & Database:**
Node.js (beginner), MySQL (beginner), PostgreSQL (beginner)

Tools & Technologies:

- Git, GitHub, RESTful APIs
- Figma (for UI/UX design and collaboration)
- Strong understanding of responsive design for cross-device compatibility

Languages:

- Thai (Native)
- English (Intermediate)

Qualifications:

- Strong problem-solving skills with the ability to quickly adapt to new technologies.
- Proven ability to collaborate effectively in cross-functional teams.
- Effective communication skills, both technical and non-technical.
- Ability to produce clean, scalable, and maintainable code.
- Experience in optimizing web applications for performance and responsiveness.

WORK EXPERIENCE

Front-End Developer

Sansiri Public Company Limited (Outsource)

November 2023 - Present

- Develop and maintain web applications using Vue.js (Options API) and Bootstrap UI components.
- Collaborate with backend developers to integrate APIs for seamless data flow.
- Design and implement new features based on business requirements.
- Troubleshoot and resolve frontend issues to ensure smooth functionality.
- Optimize web performance for improved responsiveness and user experience.

Front-End Developer

Choco Card Enterprise Company Limited

August 2022 - November 2023

- Developed and maintained web pages using Vue.js (Composition API) and React.
- Integrated APIs with backend teams to ensure data consistency.
- Documented front-end processes for handover and updates.
- Enhanced UI/UX design for cross-browser and cross-platform compatibility.
- Coordinated with teams to meet project standards and timelines.
